

Tile Mounts Are Ready To Roll

QuickMount® QuickGrip™ sealant tape saves time by providing an alternative to the three-course installation method. One roll works for many tile mount bases.

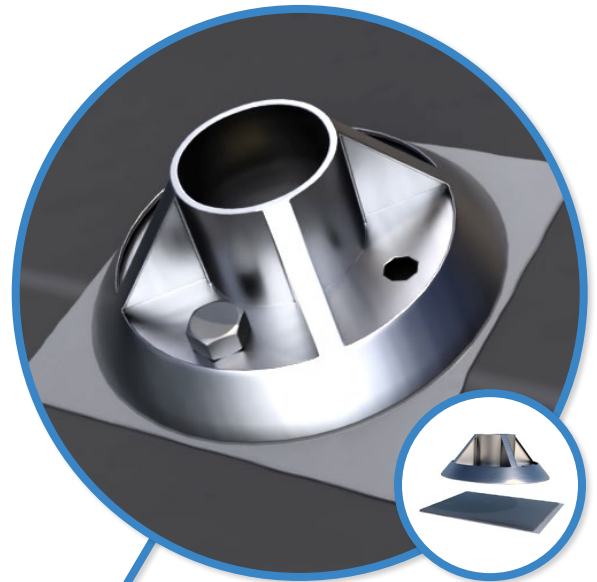

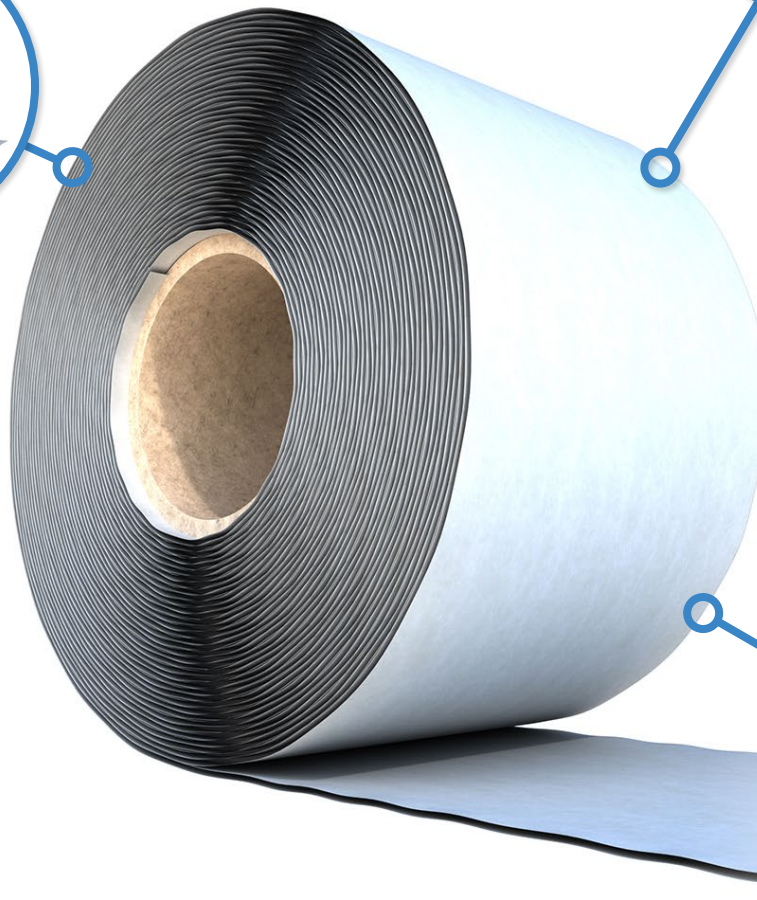

It utilizes the same, proven, mastic-seal technology that is integrated on our HUG® (Halo UltraGrip™) attachment. Cut it to length, then peel and press it on.

Rolls of QuickGrip™ arrive ready to go!

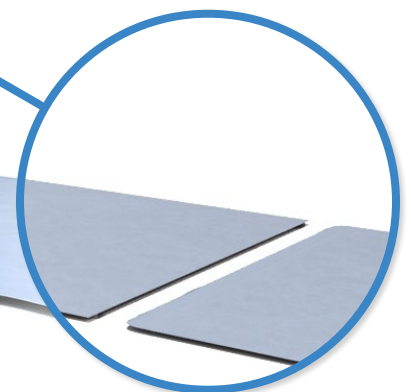

Easy Peel & Stick

QuickGrip™ is easy to cut, peel, and stick on. It delivers a quick, mess-free seal in minutes. No buckets, tubes, or curing time—so you can get the job done faster.

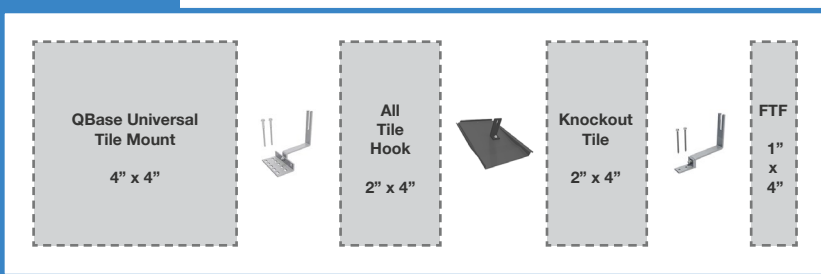

Mastic-Seal Technology

QuickGrip™ utilizes the same proven mastic-seal technology integrated into our HUG® (Halo UltraGrip™) attachment, delivering the trusted performance contractors already rely on in the field. By bringing the same technology into an easy-to-use tape format, installers can achieve professional-grade sealing with a faster and cleaner application.

Attachments Per Roll

Cut To Mount Size As Needed

QuickMount® QuickGrip™ sealant tape comes 4" x 50' rolls. The sealant tape can be cut to size, to fit various tile attachment bases. That means one roll can be used for 145 QBase Universal Tile Mounts, 290 All Tile Hooks, 290 Knockout Tiles, or 580 Flat Tile Flies.
