ROCKIT®

COMPLETE RAIL-LESS RACKING SYSTEM

The RockIt System is an installer-favorite rail-less PV racking solution for composition shingle, standing seam metal, and low slope roofs. Designed in collaboration with installers, RockIt ensures swift and straightforward installation using a single tool. Its innovative design incorporates an easy-to-adjust alignment slide, a top-down leveling system, and logistical intelligence, as there is no need to ship or transport rails. RockIt System conforms to UL 2703, UL 2703A and UL 3741.

FEATURES & BENEFITS

- Patented watertight technology
- Fully integrated bonding
- Top-down leveling system
- North-South adjustability
- Single tool install
- Florida Product Approved for composition shingle roofs

25-Year Warranty

Products guaranteed free of impairing defects.

ROCKIT

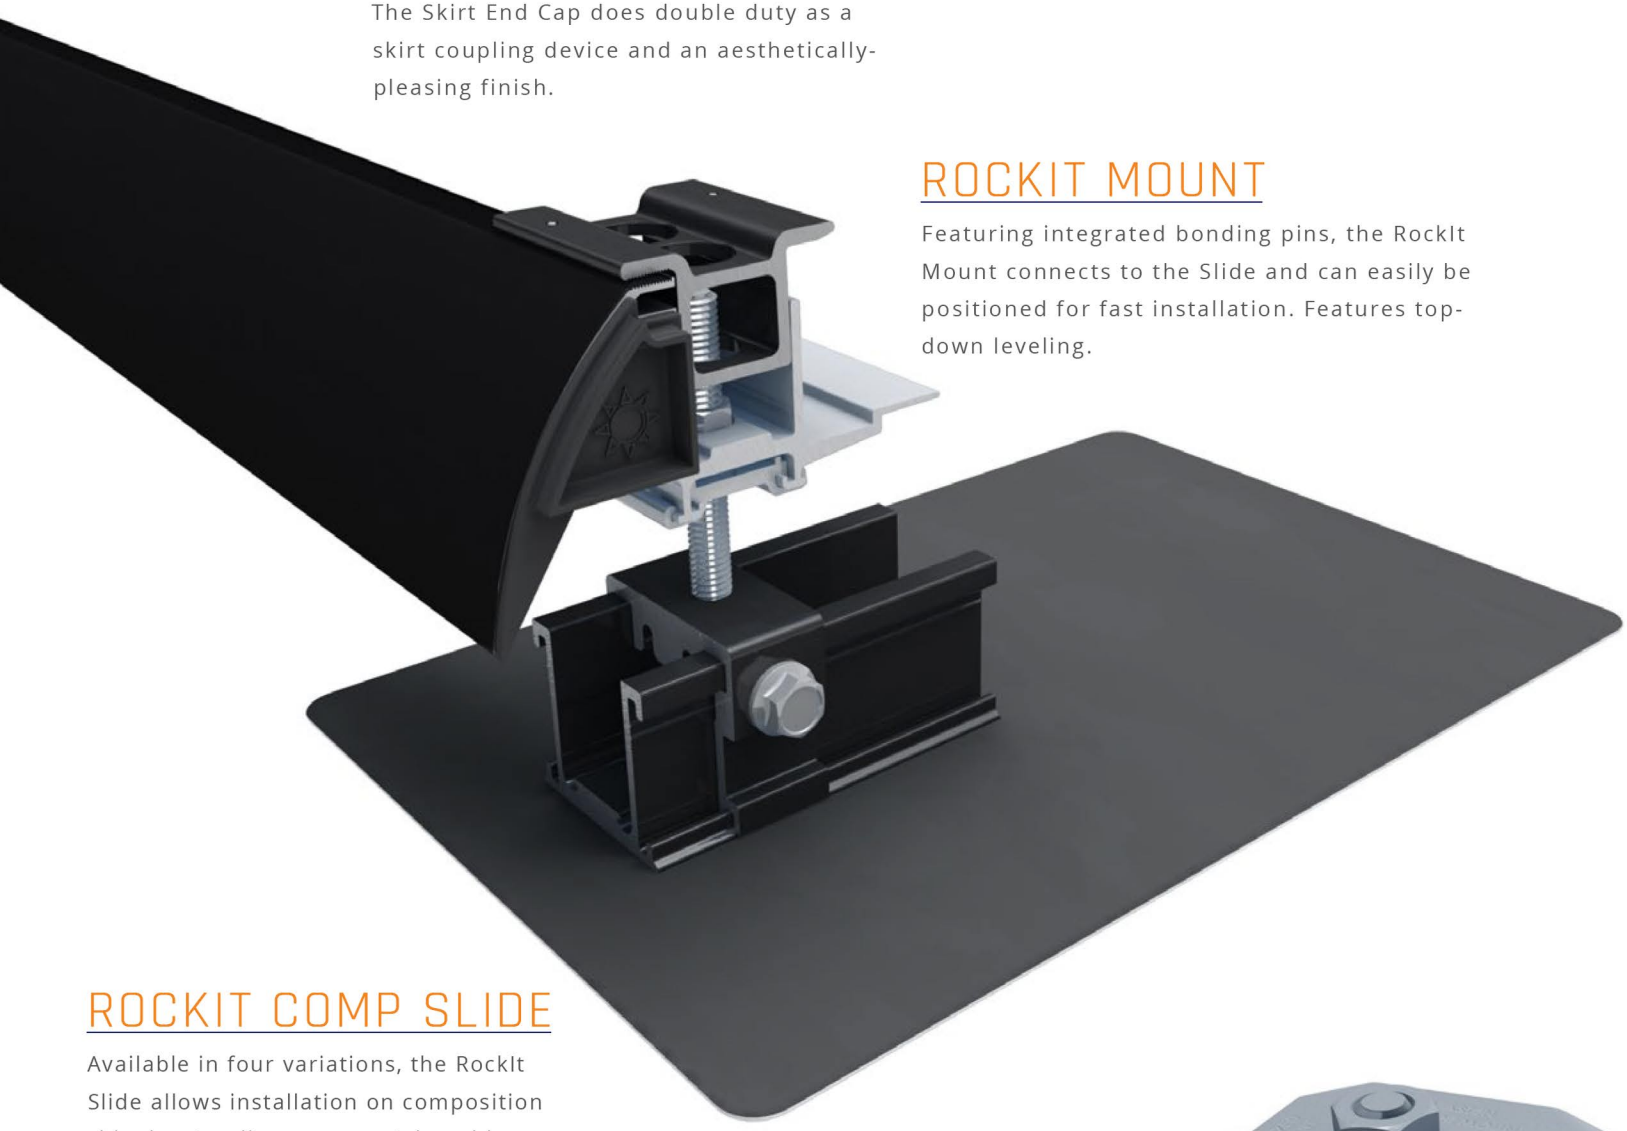

ROCKIT COUPLING

The fast-installing RockIt Coupling attaches easily to the module frame, bridging the gaps between modules.

SKIRT

The sleek black skirt installs first and acts as an alignment guide for the entire array. The Skirt End Cap does double duty as a skirt coupling device and an aesthetically-pleasing finish.

ROCKIT MOUNT

Featuring integrated bonding pins, the RockIt Mount connects to the Slide and can easily be positioned for fast installation. Features top-down leveling.

ROCKIT COMP SLIDE

Available in four variations, the RockIt Slide allows installation on composition shingle, standing seam metal, and low slope roofs.

FRAME MLPE MOUNT

Attaches and fully bonds MLPE's (Module Level Power Electronics) to the module frame with a single bolt clip.
