

SOLAR RACKING SIMPLIFIED

COMPLETE MOUNTING SOLUTION

XR **SOLAR PRO KIT** bundles every rail, clamp, fastener, and hardware piece you need into one ready-to-pull package.

No counting parts. No wasted trips.

- Two SKUs per project makes it easy.
- Each Kit covers three modules in portrait.
- Avoid jobsite shortages with extra kits.
- Return any unopened kits for a full refund.
- Fits flat in any pickup, SUV, or cube van.
- Perfect entry for new Solar Professionals.
- Just grab your kits and go!

Engineered for strength. XR Solar Pro Kit pairs with your panels and inverters for a complete off-the-shelf solar solution.
